EDITORS CORNER:

Hey everyone, I can't believe how fast the months are passing. It's February already. and we're only four months away from the Spring Round-up. The plans are moving along, thanks to our event coordinator, Dave Haberkorn. It looks like our new venue at Mariner High School will prove to be a real winner. There will be room for plenty of show cars, along with a huge swap meet, and lots of spectator parking too. The only thing missing is you. We still need plenty of volunteers, so sign up at the general meeting on February 24th, or contact any staff member, and show your support for your club.

FEATURE CAR:

Submitted by Ken Johnson

After driving many 4 bangers, 6 cylinder and 318 Chrysler products, one day I decided it was time for a real toy. I found a 68 Charger on the back row of a local used car lot and brought it home. It had faded red paint, black interior with moldy, smelly carpet. The 383 was covered with oil and dirt, but it was an original 383 car. I replaced the battery, did some carb work, added a new coil, put in some fresh gas, and to my surprise it started and ran well. It was a very strong 383, and it sounded great ---- I was hooked.

That summer my son, then 26, and I were searching for a car for him, when we stumbled upon a "plain Jane" 69 Coronet 318, with most of a 440 under the hood. My son wanted a Charger not a Coronet. He got my red Charger, I got the red Coronet. After 24 months of finding R/T parts in 4 states, the car was ready to drive. A 1995 Viper red paint job, rebuilt 727 with 2800 stall, 3.55 LS. The 14's were replaced with 15" tires, and the shifter was taken off the column and put on the floor.

That was 15 years ago, and during that time I have bought and sold 6 other B-body cars. I have just as much fun driving this car as the first day, so I'll probably have it for some time. We take it on trips in the summer, I drive it on nice weekends year round, and I drove it to work a lot in the summers. The people that wave on the road, and all the people that want to look and talk wherever you stop, are the reasons that make these cars we have so much fun.

I joined the club 13 years ago, and that also has been a good and fun part of owning this car. Thank you all for the 2008 club award for "Best Kept Car". I live in Arlington Heights. I retired from the fire department after 30 years, in 2007. My son still has the 68 Charger. I look forward to seeing you all at meetings, shows, and club events this year.

Thank You

Ken Johnson

Could you put this in the newsletter and send it out to others who might be interested?

A friend of mine is selling his 1964 Chrysler New Yorker 4dr Hardtop. He is asking \$4500.00. The car runs and drives nice, it went on several trips to Spokane and Portland over the summer with no problems. The car has the 413 and automatic, and the body is in good shape. It hasn't been restored, but it is a good original car. Call Mark at 425-466-5205 for more information.

Police: Crack Found in Man's Buttocks

Last Edited: Friday, 01 Feb 2008, 9:17 PM EST
Created: Friday, 01 Feb 2008, 8:59 PM EST

HAGERSTOWN, Md. (AP) -- Police searching a downtown home found a man hiding 15 plastic bags of crack cocaine in his buttocks.

Pierre Lynch, 20, of Washington, D.C., was searched after he went to a home on Charles Street Thursday night.

Police had gone to the home after officers saw suspected drug dealing in the area, Sgt. Jim Robison said.

Pierre Lynch (photo courtesy Washington County Police)

Lynch was charged with possession with the intent to distribute crack cocaine, possession of crack cocaine, possession of drug paraphernalia, obstructing and hindering and making a false statement to police officers.

Overheard: Man... this crack tastes like sh*t.

This begs the questions:

a.) who makes a burrito as big as a baby, and...

b.) what kind of babies is this person used to seeing?!
